General Information

DATE AND PLACE – Monday, September 26, 1955, at the Yampa Valley Livestock Sales Pavilion, Steamboat Springs, Colorado, starting promptly at 10:00 a.m. Mountain Time.

TERMS – Terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE – The three herd bulls in this sale will be sold under the standard guarantee of the American Shorthorn Breeders' Association and are guaranteed breeders. Since this is a complete dispersion the rest of the cattle will be sold without guarantees but we would like to point out that with the exception of the open heifers all of the females either have calves at foot or are very close to calving. The production record of Martin Shorthorns are one of the best, and accurate information has been given with reference as to breeding dates, etc., and announcements from the auction block will have precedence over printed information.

HEALTH – Every animal will have passed a clean test for T.B. and Bangs within 30 days of sale date. Official calfhood vaccination for Bangs has always been followed in this herd. Proper health charts will be furnished upon settlement for the cattle that will take them into any state or territory.

LIABILITY – The transaction constitutes a contract between the buyer and seller of each lot. The auctioneer, Clerk and Sale Manager have been employed by the Henry Martin Estate for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability for the contract or for any accidents that may occur. We will make every effort to provide for the comfort and safety of those attending the sale, but we can accept no liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk.

Footnotes were written by the owner or written from information provided by him.

The HENRY MARTIN Story

Henry Martin was born on September 3, 1889 in Singen Rein, Germany. He immigrated to the United States in 1903 at 14 years of age alone. He worked in a bakery in New York City for five years where he advanced to head pastry baker at the Cushman Bakery. In 1908 when he was 19 years of age he came to Routt County, Colorado where fate determined he was to spend the rest of his natural life engaged nearly the entire length of time in the cattle business.

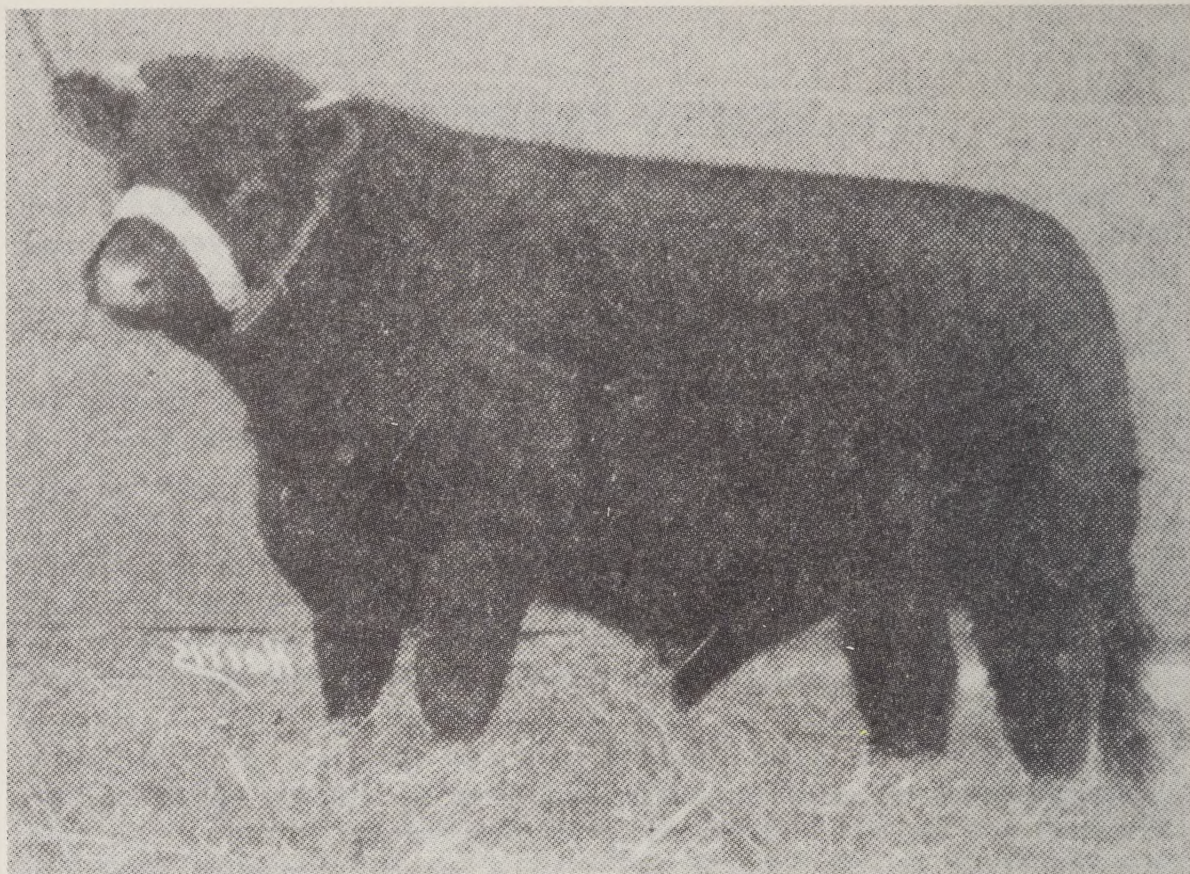

He entered the registered Shorthorn business in 1927 when he purchased three registered cows at the Western National Stock Show at Denver from Charles Saunders, Manilla, Iowa. Here is a brief summary of the various bulls that have been used in the Martin herd and they were all tops. His *first* bull was Crystal Martin bred by the Hopley Stock Farms, Atlantic, Iowa. His *second* bull was Brilliant Premier purchased from R. D. Warnock, Loveland, Colorado. His *third* bull was Sni-A-Bar Flash 2nd by imported Baronet. This bull was grand champion at Denver in 1936 for Sni-A-Bar Farms, Grain Valley, Missouri and he was purchased by Mr. Martin at the top of the sale that year. His *fourth* and *fifth* bulls were two full brothers, Perchino Advance and Desert Chief, both sired by Helfred Sunrise 2nd by Fascinator and out of Victoria 2nd by the Iowa champion, Brae Lodge Headlight. His *sixth* bull was Mardale Advance, a line bred bull and the best son of Perchino Advance and out of the dam of Perchino Advance, Victoria 2nd. His *seventh* bull was Killearn Bonnie Max purchased in the 1947 Killearn Farms Sale, Edmonton, Alberta, Canada for \$3500. His *eighth* bull was Killearn Monarch 140th purchased in the 1949 Gallinger sale for \$3600 and shown by Mr. Martin to the reserve grand championship of the 1951 National Western Stock Show at Denver. His *ninth*, *tenth* and *eleventh* bulls sell as lots 1, 2 and 3 in this sale.

Henry Martin's sudden passing on May 21 of this past year left his wife, Della Martin, and his two sons, Howard, a Denver businessman and Gilbert, who is with the Wilson Packing Company in Kansas City, Missouri, with the problem of settling his estate at this time.

Few other herds in America can offer as much concentrated successful bloodlines. It is a large herd that has kept pace with the continued demand for advance type and quality. Cattle in this beautiful high altitude Yampa Valley are noted for their excellent health, ruggedness and good doing ability.

It is a pleasure to recommend this as one of the safest and best places to buy Shorthorns with bred-in records of performance. The Martin herd today is a great tribute to the man who founded it and carefully carried it forward to its present peak of quality.

KILLEARN BONNIE MAX -- pictured above as a calf when he was purchased in the Gallinger Sale for \$3500 in 1947 has proved to be one the most outstanding breeding sons of the noted Killearn Max 5th. He was accidentally lost in the pasture last fall but leaves in this herd to sell in this sale 17 bulls, 100 daughters and approximately 50 calves selling at foot of their dams. He is a half-brother to the International grand champion, Killearn Max Juggler.

KILLEARN ALBERTA GRAND 4th. He was the top bull in the 1955 Killearn Farms Sale where he was purchased by Henry Martin for \$3,050. He was definitely the favorite of everyone at this year's Gallinger Sale and he has ideal balance, depth of body, and is very short-legged. Few bulls excell him in the rear quarters where he is exceptionally deep, wide, thick and full. This bull was pressed into immediate service upon his arrival at the Martin ranch in early June and naturally has lost some of his condition which he carried wonderfully well at sale time. He is a great individual and here is the chance for someone to own the top selling bull of the last Gallinger sale.

KILLEARN SENTRY 56th purchased in the 1955 Gallinger Sale in Edmonton, Alberta. We have used this young bull heavily and can recommend him to anyone wanting what we think will make a most outstanding sire. He is well balanced, thick and has good sound, straight legs. He is a double bred grandson of Killearn Max 5th and his sire is a half-brother to the International grand champion, Killearn Max Juggler. His dam is a granddaughter of the Perth reserve champion, Norseman. This bull has continued to develop well even though he has run on pasture continuously since his arrival in June.

KILLEARN LANDMARK 22nd. Here is a real breeder's bull and he was also purchased in the 1955 Gallinger Sale. He has a great head, lots of thickness, and a wonderful quarter with ideal fleshing, depth, bone substance and scale. He is low-set and stands on four good sturdy legs. His sire is the same as that of the \$4,500, second top selling bull in the 1951 Gallinger Sale. There have been a lot of arguments among cattlemen as to which is the best of our recently purchased three Killearn bulls, many have placed their choice on this grandson of the Perth reserve champion, Norseman, that is also a half-brother to the noted Edellyn Royal Leader.

Every Animal Will Sell

In this sale you will have a chance to buy in large numbers of your choice the cows that have done such an outstanding job for Henry Martin. Every breeding female is at her peak of production of the kind of calves you want. You can pick from the herd bull battery that is young and proven of the world's greatest blood.

Remember this sale is easily reached from no matter where you live. Delivery of the cattle need be no problem for anyone because of the regular, convenient rail and truck facilities that will be available. Here indeed is your chance to build your sound future from the solid foundation of the Henry Martin herd.

A Word from Howard Martin -----

Mardale Shorthorns came into being in 1927 when my father started with three cows. He purchased these three cows at the National Western Stock Show from Chas. Saunders of Manilla, Iowa. Since that time he had built the herd up entirely from the offspring. Only two times in these 28 years have outside females been added to the herd. He improved them by always using good bulls and carefully selecting the better ones for replacements. For this very reason you will find here a top group of cows that can go into any herd and do it justice.

With the passing of my father on May 21, 1955, it left us with the decision to disperse Mardale Shorthorns. It was not an easy decision to make.

This is now one of the largest herds in the United States, so I know that anyone wanting to add good females to their herd will be able to find them in a herd this size. The cows and their calves will speak for themselves.

The three herd bulls, Killearn Sentry 56th, Killearn Landmark 22nd and Killearn Alberta Grand 4th, have all seen fairly heavy service this summer but I am sure you will find these three bulls have a lot to offer, as this was their first year of service.

We hope that our Shorthorn friends will avail themselves to attend this sale and see our beautiful Yampa Valley, the home of Mardale Shorthorns.
